TREASURY DEPARTMENT,

Winnipeg, Manitoba, Nov. 20, 1878.

SIR,—In accordance with instructions received from you, I have the honor to submit the following comparative statements, shewing the expenditure under the Clarke and Davis Administrations respectively. Every care has been used in their preparation to present a correct record as shown by the books and vouchers of the Department.

I have the honor to be,

Sir,

Your obedient servant.

ALEX. BEGG,

Deputy Treasurer.

To Hon. John Norquay,  
Premier and Provincial Treasurer.

## COMPENSATION TO JOHN F. GRANT,

*For Loss of Horse, voted by Parliament.*

1875-76 John F. Grant, paid him..... \$ 800 00

**NOTE.**—In explanation of this amount it should be stated that the horse in question was originally the property of Peterson, an escaped convict. By order of the then Attorney-General (Hon. J. H. Clarke) the horse was confiscated. Grant subsequently bought the horse from the Government. Prior to this, Peterson had given a power of attorney to one Christianson to recover the animal. On the case being tried, the court ruled that the horse was the property of Christianson, Grant to pay the costs of the suit, which, amounting to a large sum, was subsequently refunded to him by Act of the Provincial Parliament.

Agriculture.

Charities.

In Printing, in order to form a just comparison of the expenditure, the amount of work required to be done by each Government ought to be borne in mind.

In Public Buildings the erection of the Court House and Gaol necessitated a large expenditure during the Clarke Administration and the Davis Government in the purchase of the Government Offices effected a large saving in rent to the country. Under this head the amount of material and labor used is shown so as to give a proper idea of the expenditure and the cause of it.

In Road service it will be seen that although the expenditure of the last  $3\frac{1}{2}$  years is very much less than the previous term, the work performed under the Davis Government is even more than that done by the Clarke Administration. It was the habit to let out large contracts for work to a few men, but of late years the policy of the Government has been to divide it up amongst the people, and this plan has been found productive of more work at a less cost to the country. Contractors as a rule must have their profit, while the people are willing to do the work for what it is really worth.

The following expenditure could not be avoided, and had to be met by the Government in the interest of the Province :

Small-Pox Epidemic.

Reception of Governor General.

The compensation to J. F. Grant is explained by a foot note already.

The expense of collecting the Wild Land Tax is well repaid by the amount of revenue derived from the Tax.

By the incorporation of Winnipeg the care of the streets was taken from the shoulders of the Government and is a heavy burden removed as can be seen by the statement of expenditure under that head.
